4	Information Sought	Information given and details of documents, if any, furnished.
	<p>I studied up to PG M.com but job is not possible I am in a lot of trouble. Who has not given the opportunity to the disabled to do private work and the disabled should not live in the society I have no right to ask the government to solve the problems I have now or anyone else to give me employment opportunities at least I am not in a position to meet the requirements. The private sector is not giving a chance. Even if the government does not give a chance, we should tell anyone</p>	<p>As per Section 2(f) of the RTI Act, 2005, the Public Information Officer is not supposed to create or interpret information or to solve the problems raised by the applicants or to furnish reply to hypothetical questions.</p> <p>The RTI is meant to furnish information and it is not a grievance redressal mechanism that can settle disputes. Therefore, it is expected from the applicant that he/she should only seek information as it has been defined under the RTI Act and not ask for solutions of problems, disputes, reasons for someone's appointment etc.</p>
