

We have all experienced Emerging Leaders who come in with guns blazing. They think they can be successful by doing more of what they were doing before and telling others to do the same. But telling diminishes. At best people comply with the teller's direction. More experienced leaders persuade and support.

Indian Institute of Technology, Hyderabad and Telangana Academy for Skill and Knowledge (TASK) are partnering to conduct the program as per the details below.

Dates 20 & 21 July 2018

Time 10 am to 5 pm

Venue Trident, Hyderabad

Why this Program?

Becoming a first-time leader is one of the most exciting aspects of an individual's career. It requires new knowledge, skills and different attitude to lead a team. It also comes with new responsibilities, opportunities & challenges.

Sachin Tendulkar was one of the best batsmen that the cricket world has experienced. As we are aware his individual talent, ability, technique, performance and competency were probably the best. The question is besides being a brilliant individual contributor was he also a brilliant leader? The answer perhaps is "NO".

Top performers don't always make the best leaders. Success of a leader depends on his/her ability to influence the team to produce results and enhance the performance of the entire team.

EMERGING LEADERS PROGRAM

A TWO-DAY PROGRAM FOR CORPORATE EXECUTIVES

About IIT Hyderabad

IIT Hyderabad started functioning in 2008 and is one of the eight young Indian Institutes of Technology (IITs).

Its vision is to be the cradle for inventions, innovations and advance knowledge and scholarship to students in science, technology & liberal arts. It is a leading center for the study of a diverse range of subjects including Cultural Studies, Economics, English (Literature and Language), Psychology, Linguistics, Sociology and Social Anthropology.

The department of Liberal Arts strives to pursue excellence in teaching and research to benefit students, academics and the society, at large.

“Leadership is not about being in charge, its about taking care about those in your charge”

...Simon Sinek

Facilitators

Dr. M.P. Ganesh is a faculty in the Dept. of Liberal Arts at the Indian Institute of Technology Hyderabad. He is an active researcher and a passionate teacher working in the areas of leadership, cross-cultural virtual teams, corporate social responsibility and managerial ethics.
