[DOI: [10.1063/1.3002912](https://doi.org/10.1063/1.3002912)]

There is an error in Eq. (17) of our paper.<sup>1</sup> This equation should be replaced by

$$\psi_2'' + \alpha^2 \psi_2 - \mu_1^0 (\psi_1'' + \alpha^2 \psi_1) - \beta U_1' \pi = 0.$$

This change produced minor corrections to Figs. 2, 5(a) and 5(b), 6(a) and 6(b), 7(a) and 7(b), 8(a) and 8(b), 10(b), 13(b), and 15(b), as well as Tables I and II in the original paper. The captions of all figures and tables and conclusions of the

original paper remain unchanged. Copies of the corrected figures and tables are available via EPAPS (Ref. 2) or by direct correspondence with the authors.

We thank Dr. Lennon Ó Náraigh of Imperial College London for bringing the error to our attention.
